

MUSICAL RECITAL
AT CALLAMURA

Miss Rufina Bloss and Prof. Marcus Peterson Brilliant Entertainers.

The recital given for the Music club at Callamura on Monday night by Miss Rufina Bloss, assisted by Prof. Peterson, was one of the rarest treats in a musical way ever heard in Monett.

We seldom find one so young who has accomplished so much and performs master pieces with the skill and expression of a well seasoned artist.

While her program was unusually brilliant, the group of Chopin Etudes deserve special mention, owing to their difficult technique, and the Gobelin and Rigoletto Fantasia were perhaps the most highly appreciated by the audience.

Miss Bloss is a firm believer in Americanism and will study the coming season with Ernest Hutcheson, of New York City.

Prof. Peterson was at his best and his numbers were enthusiastically received.

While a number of the Music club members were absent, there was a large and appreciative audience, who will welcome Miss Bloss in any appearance she may make in Monett at any future time.

The program follows:

"The Star".....Rogers

"She Is Far from the Land".....Lambert

"From the Land of the Sky-blue Water".....Cadman

Five Etudes.....Chopin

LOST CHILD WAS

GEORGIA HENDERSON

The little girl who was found on the railroad track near his home by Jarvey Goodnight Monday morning was Georgia Henderson, the little daughter of Mr. and Mrs. E. P. Henderson. The Hendersons are moving from a farm east of Mr. Goodnight's to another place nearer Purdy. The older children of the family took the little one with a load of furniture to the new place and remained there all night. Early Monday morning they started back for another load, leaving the baby asleep in bed.

Little Georgia, on awakening and finding herself alone, started in search of the other members of the family. She was clad only in a pair of rompers when found by Mr. Goodnight and was wet with dew and very cold.

EASTERN STARS ENJOY
SCHOOL OF INSTRUCTION

The Eastern Star chapters of the fifty-fifth district held a very successful school of instruction at Monett Monday afternoon and night. Miss Nelle Page, of St. Louis, grand lecturer, was the instructor and was thorough and very helpful in this work. Thirty-five out-of-town guests were present from chapters at Springfield, Aurora, Cassville, Peirce City, Seligman, Purdy, Miller, Marionville, Mount Vernon and Monett.

In the afternoon Aloha Chapter No. 240 opened lodge and the session was occupied in instruction by Miss Page.

At 6 o'clock Aloha Chapter entertained the guests at dinner at the Martin hotel, there being fifty plates.

The evening session was occupied by the exemplification of the work of the order by Monett Chapter No. 190. Their work was highly complimented by the grand lecturer.

REPORT ON THE RED
CROSS AUCTION SALE

The Parent-Teacher Association, through the president, Mrs. M. J. Hale, reports that the proceeds of the Red Cross auction sale are \$852.42, which amount is in the bank.

The association has yet on hand some fancy work and a horse, which are for sale. The horse is hired out and is bringing rental money.

They appreciate the assistance given them by those who donated, those who bought, the auctioneer, Col. Al Hudson, who donated his services, and especially mention J. J. Davis, J. F. Mermoud, Dee Winton and Mr. Allen for their assistance at the sale, and John Walsh, who gave them the use of his building.

Mr. and Mrs. Jay Hoover and baby are visiting relatives in Springfield.

MONETT CITIZENS WILL
HELP BERRY GROWERS

School Children and Adults Are Encouraged to Enroll for Work in the Berry Patches.

The Commercial Club and other Monett citizens, assisted by a committee of public-spirited women, are making an effort to secure berry pickers to harvest Southwest Missouri's big crop of strawberries. The movement is headed by E. A. O'Dwyer, who has been appointed division director of the Farm Help Volunteers.

Mr. O'Dwyer appointed a committee of women—Mrs. J. E. Sater, Mrs. George J. C. Wilhelm, Mrs. O. H. Hudson and Mrs. Charles Turner—who have notified school children to go to their respective schools and enlist for berry picking.

The growers who are in need of help will enroll with Mr. O'Dwyer, who will get workers for them from the list of volunteers.

A committee of the Commercial club met at the city hall Tuesday afternoon and made arrangements for a meeting of the berry growers to be called at 2:30 o'clock Friday afternoon. Those who are yet in need of pickers will be supplied if the efforts of the townsmen and women are successful.

Both children and adults are asked to help harvest the crop. In an early day of the strawberry industry, women took their little families with them to the berry fields, took their picnic dinners and enjoyed the outing. This custom should be revived. At 2½ cents a quart good wages can be earned and the berries are in fine condition this year.

PURPOSE OF THE RED
CROSS CAMPAIGN

The Red Cross campaign for the \$100,000,000 war fund is not a campaign for members. It is a campaign to raise money, by gift, for the use of the National Red Cross in the cantonments, in France, Belgium, America, Italy, in the trenches, in fact everywhere that the war has created a necessity for the services of the American Red Cross. The duties are to restore where the war destroys.

The Red Cross has no income except from gifts. Therefore, gifts are asked, whether you are a member or not, and whether you are contributing monthly to the local Red Cross or not.

The campaign starts May 20 and closes May 27.

Mrs. W. L. Coats and children, who have been visiting her sister, Mrs. T. J. Ogden, returned to their home at Lake Side Wednesday morning.

A THOROUGH TEST

One to Convince the Most Skeptical Monett Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical. Monett residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

Theo. Lynde, carpenter, 401 Euclid Ave., Monett, says: "I had occasion, about a year ago, to use Doan's Kidney Pills for backache and kidney complaint. They relieved me of the trouble and there hasn't been any serious return of the ailment since." (Statement given September 30, 1911.)

A Later Endorsement.

On April 4, 1916, Mr. Lynde said: "I have to use Doan's Kidney Pills only once in a while and they keep my kidneys in good condition. I am always ready to say a good word for them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lynde has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

The party was a very gay affair until the time came to bid adieu. It is sad to have Mr. Peck, who is so well liked, leave his friends and relatives here, and it is the wish of all who know him that it will be only a short time until he can return to our midst.

There are several things I shall write of later, but not just at present.

There are only two of us Barry county boys here—Corporal Lee Jarvis and myself. We are in the quartermaster department. Our main duty is police work. As soon as things are straightened out and running smooth we shall do twelve hours' duty and have twenty-four hours off at our own disposal. I suppose we will dispose of several hours looking New York City over. We shall be very glad to spend part of the time reading The Monett Times, which we are sure we will receive.

I suppose I had better close now, as I started to do some time ago.

Wishing all of you well, I am

Yours,

GUY CARR WRITES
FROM NEW YORK

Governor's Island, N. Y.
Having again become located, I shall attempt to write a few lines to the home paper, The Times.

While I was located at Camp Funston I was pencil pusher for Barry county boys and in return we all enjoyed reading The Times. But as Uncle Sam seemed to think I was of more service to him here in the East than I was in the West, he of course sent me here without consulting me in any way.

I am very proud of the change, as things are more interesting here on the island.

I must first mention that we have no dust here and that there is water all around to make things cool and pleasant. Ft. Jay is located here on this island and it certainly is a very beautiful place.

You can see by referring to your maps that there are some towns all around the island, such as New York City, Jersey City and Brooklyn. I can see from my barracks door the Statue of Liberty, which proclaims beyond a reasonable doubt that ours is the land of Freedom and Liberty and must be respected as such.

There is also the Brooklyn bridge, which is a very beautiful specimen of the structural art of the grand old U. S. A.

Then we have here what is known as the "Castle." It is not what some of you might think a castle was. It is a very grim looking place to me, with its thick walls and barred windows. It is a place where prisoners are kept who have violated the rules of Uncle Sam.

Then the Y. M. C. A. is the "soldiers' home," as a soldier learns to call it. The Y. M. C. A. furnishes the very best of amusement here. Sunday night a large troupe of beautiful singers came over from New York City and rendered some real music, and between the singing Jack Rose, the famous gambler (reformed now), made a speech on the evil of gambling. It was the most interesting talk I have heard for some time.

There are several things I shall write of later, but not just at present.

There are only two of us Barry county boys here—Corporal Lee Jarvis and myself. We are in the quartermaster department. Our main duty is police work.
